

JEVITY® 1.2 CAL

HIGH-PROTEIN NUTRITION WITH FOS AND FIBRE BLEND

USAGE

JEVITY® 1.2 CAL is a calorically dense high-protein, fibre-fortified liquid formula providing complete, balanced nutrition for people who may benefit from a moderate increase in caloric and protein density. **JEVITY® 1.2 CAL** contains a blend of soluble and insoluble fibre to help maintain normal bowel function, and fructooligosaccharides (FOS).

- For people requiring acute care or chronic tube feedings
- For supplemental or as a sole source of nutrition
- For oral feeding of patients with altered taste perception
- For people intolerant to low-residue tube feeding

FEATURES

- Concentrated calories (1.2 Cal/mL) and high protein (18.5% of Cal) to help patients gain and maintain healthy weight. Protein is needed for lean body tissue maintenance and repair
- 12 g/L of a soluble and insoluble fibre blend and 10 g/L of fructooligosaccharides (FOS)
- Contains FOS-indigestible carbohydrates, fermented to SCFAs, which help create an unfavourable environment to “harmful” bacteria, such as *C. difficile*.† FOS stimulate water and electrolyte uptake in the colon, two important factors in the management of diarrhea. FOS are also prebiotics that stimulate the growth of beneficial GI bacteria (e.g., bifidobacteria). To learn more about FOS, see product guide introduction
- Fortified with L-carnitine, taurine, β-carotene and ultra-trace minerals
- Lactose- and gluten-free

NUTRIENT FACTS

Nutrient density (Cal/mL)	1.2
Protein (% Cal)	18.5
Carbohydrate (% Cal)	52.5
Fat (% Cal)	29.0
Total Cal/g nitrogen	137:1
Nonprotein Cal/g nitrogen	112:1
Water (g/L)	803
Kosher	Yes
Gluten-free	Yes
Lactose-free	Yes
Low residue	No
Osmolality (mOsm/kg water)	450
Min. tube size for gravity/ pump feeding (Fr)	10/8
Renal solute load (mOsm/L)	465

AVAILABILITY

Ready to Use:

235-mL cans, 24/case #0M649-793

† In vitro data.
